5th U.S.–Africa Infrastructure Conference
JUNE 18-20, 2012
Washington Marriott Wardman Park Hotel, Washington DC**

The U.S. Commercial Service of the U.S. Embassy in Nairobi and the Kenya Private Sector Alliance (KEPSA) are pleased to inform you of a proposed business delegation led by Commercial Counselor Camille Richardson to the upcoming Corporate Council on Africa 5th U.S.–Africa Infrastructure Conference to be held in Washington, D.C. from June 18-20, 2012. www.africacncl.org

This year's conference, themed "*Foundations for Economic Growth*," will highlight investment opportunities in energy including renewables, transportation, information and communications technology, and the relevant capacity building necessary for successful development. In addition to traditional financing topics, this year's event will highlight a new set of funding sources as well as procurement options.

Scheduled to coincide with the African Growth and Opportunity Act (AGOA) annual meetings, the conference will bring together senior U.S. and African private sector and government officials, key decision makers from leading U.S. infrastructure companies, financial institutions, and international organizations with a vested interest in infrastructure investment and growth on the continent.

The Corporate Council on Africa (CCA) is the leading resource for U.S. companies engaged in doing business on the African continent. CCA programs help members understand the African business climate and identify specific trade and investment opportunities.

The U.S. Commercial Section will escort a delegation to the CCA event. The conference registration fee is **USD 1,000 (USD 600 for Government of Kenya officials)**. In addition, our travel package (includes return airfare on British Airways, 4 nights of accommodation, transfers, and fees) is **US\$3750**. **Please note:** this figure may change as we are trying to confirm the hotel rate.
